

Social Story

I am going to Boo at the Zoo. When I get there I might have to wait in line.

When we get to the gate they will scan our tickets.

I might be wearing my Halloween costume. Others may be wearing costumes as well.

I will bring a bag or bucket to collect any candy or giveaway items I may receive.

I will see Halloween decorations. These decorations may be spooky, may have flashing lights, or may make noise.

While at Boo at the Zoo, I may see a magician or other performers. I may choose to sit in a seat and respectfully watch the performance or choose to move along.

Some areas may be loud- such as near the performers or areas with long lines. If it is too loud, I can move away and take a break.

When I see a booth I will say “Trick or Treat” and they may give me candy or other giveaway items.

I might see zoo animals while at Boo at the Zoo. There may be some animals that I am allowed to touch, but others I may only be able to view.

After I visit the booths, it is time for me to go home. I will remember all of the fun that I had at Boo at the Zoo!
